Subject: Extensive Allocation of Funds for Rural Development Scheme 2026-2027

This circular mandates all regional offices to begin the disbursement of funds under the newly expanded PM-Rural-Care initiative. This directive supersedes all previous communications regarding the FY 2026-2027 rural budget allocation. Strict compliance is required, and all regional directors must ensure that beneficiary accounts are thoroughly verified through the centralized e-verification portal before any financial transfers are initiated.

Under Section 4(a) of the Rural Finance Act, state-level nodes must submit a weekly reconciliation report to the central dashboard. Failure to comply with the mandated reporting frequency will result in an immediate suspension of the subsequent funding tranche. The Ministry has allocated an aggregate budget of INR 45,000 Crores for this fiscal cycle, encompassing agriculture subsidies, water harvesting infrastructure, and rural tech grants.

Regional managers are hereby instructed to cross-reference all beneficiary details with the authorized state registry. Any discrepancies identified during the audit phase must be flagged to the Central Vigilance Committee within 48 hours. Furthermore, all physical records generated during this exercise must be digitized and uploaded to the Document Management System (DMS) with appropriate metadata.
